September 19, 2011

Dear MMS parents:

This year, we will no longer distribute separate permission slips for each field trip. Instead, you will receive email announcements of field trips directly from your child's classroom teachers. Only for overnight trips will you receive a separate notification with detailed information about that event.

When there are full-day trips, bagged lunches will be provided by MMS for children on the lunch program. If your child is not enrolled in the lunch program, please provide your child with a disposable lunch to take on the trip.

We have made this procedural change to streamline our field trip process. Both the school contract and the general permission form that you signed earlier this year provide permission for your child to participate in trips sponsored by MMS. Should there be a trip in which you do not wish your child to participate, please let your child's classroom teachers know when you receive their email announcement about the trip.

Please sign below and return this form by Friday, September 23rd. By signing this form, you acknowledge that you are aware of this new policy and that throughout the course of the year your child will participate in school activities that may require travel via subway, public bus, private school bus, or by foot.

Thank you.
